Christmas Celebration and Coming to the End of 2023

November was our missions month and we had a wonderful mission conference with guest pastor, Hernan Cortez of Berean Baptist Church in Berisso. I believe the church was challenged and encouraged by Pastor Hernan. The guys who are training in the Bible College also came over last month for our annual planning day, a time when we plan the following year. I was able to do some vision casting and encouragement in each of their specific ministries that they are leading. There is much to do and we are excited about it!

We will have our big Christmas service this month. Traditionally it is one of our most attended services of the year. We will have banners hung up across streets, and special invitations to give to family and friends. Please pray for this special event. We are praying for souls to be saved. Our Evangelism ministry is going well and we have the goal of handing an invitation out to every house within a kilometer of our church (this will be thousands and thousands of houses)! We still have a long way to go before we achieve this goal, pray for us in this evangelistic outreach. We will end the year with our "Empanada Night", something the church has come to love! Pray with us that we finish this year in a way that glorifies God in every way! Thank you for praying for us!
