

The Holloway's

Your Missionaries to the People of Cusco, Peru

God is doing unprecedented things

We are seeing a growing hunger to better understand scripture among the indigenous groups.

We moved to Cusco, Peru just 5 years ago. It is always difficult to start over. In this short season, we have seen the hearts of many open up to new ideas on how to evangelize, make disciples, and raise up leaders among the Quechua people. The church is learning and growing!

TIMES OF WORSHIP

TEACHING THE STORIES

APPLYING THE STORIES

Partners

In the next 6 months, we need to raise \$3,000 per month to return to Peru.

Generosity

\$600,000 is needed to purchase the training center property.

Wisdom

We need God's wisdom as we move forward in this growing endeavor.

We Finally Found A Home

An affordable site for the UPG Training Center / Oral Bible Seminary is within reach.

We know what God has put in our hearts. We fully understand the need to train native Quechua speakers to be able to go out and plant churches and make disciples among their own people. The main obstacle facing us has been the sky high prices of land and buildings where we could bring people together for training in the Cusco area.

We recently found a building that sits on a little over an acre of land. This building was built as a strippers club, complete with 8 on site hotel rooms for extra curricular activities. Due to COVID, this building was never used for it's intended purposes. It has sat empty for a couple of years.

Upon talking with the owner, we were able to come to a rental agreement. He has since given his life to the Lord, along with his girlfriend, and they are now wanting to get married. God is moving and he is willing to sell the building to us. The lot next door could be available to buy as well, which would give us room to grow.

ORALITY

Bible Stories aren't just for kids. They are an effective way to get people to understand the Word of God.

Since beginning to use stories as a way to communicate scripture, we have heard many testimonies of how people who have been involved in the church are finally understanding what God wants to say to them in His word. We watched in awe as one brother, who was not able to pass any of the classes in the traditional Bible School, led his group in a discussion of scripture that was communicated through a story. It is so inspiring to watch their hearts and minds open.

GOD IS REDEEMING THIS PROPERTY

Although still a great deal of money, this is as economical as it gets in Cusco.

The Fruits of Redemption is Often a Process

Although God is redeeming this property for His purposes, there is still a lot of work to be done.

Already on this property, we have hosted 2 kids retreats, with over 60 kids attending each one, as well as the first Oral Bible Seminary for the Cusco Region with 54 people in attendance. This property was almost move-in ready when we signed the rental agreement. We are excited about where we are at in this project, but there is a long way to go.

As the property stands right now, there are 2 floors with 4 rooms on each floor for a total of 8 rooms. Each room has it's own private bathroom. There is a kitchen. The entire third floor is an open floor that has an all glass 360° view that brings the surrounding mountains into the classroom. There are restrooms on the third floor, as well as 2 more stand-alone restrooms on the bottom. There is a large storage room, and an area with a concrete slab for a possible outdoor kitchen. All of this sits on about 1.4 acres of land that is fenced with a 10' block fence. The land is large

enough to expand when the time comes.

We have purchased bunk beds and mattresses so that we have sleeping capacity for 64 people. The kitchen and dining room are equipped with the basics. There are teaching aids in place so that the students can learn better, and the stripper pole has been removed. There are not a lot of physical things that we lack as we begin this great work.

On the south side of this property, there is another 1.6 acre property that is available, which would help us in developing a campground for greater ministry opportunities in the future. Would you consider helping us purchase this property so that we have a place to call home?

TOTAL PRICE FOR BOTH \$600,000

**GOD IS
REDEEMING
THIS
PROPERTY**

Would you join
with us in this
exciting
endeavor.

Partners

In the next 6 months, we need to raise \$3,000 per month to return to Peru. Would you or your Church consider getting involved? If you are already one of our faithful partners, would you step out in faith to increase the monthly giving? If you are not involved with this work in Cusco, would you like to partner with us. You can do everything online. Our AGWM Account Number is 248174

Generosity

\$600,000 is needed to purchase the training center property. This really is a great opportunity at a good price. Land and building prices in this historical tourist destination have become unattainable for most people. We see this as an open door to have a place to call home for the training of the Quechua people for many years to come. The Project Number for the UPG Training Center/Oral Seminary 21075

National & Regional Leaders as well Teachers for the Oral Seminary

God is doing unprecedented things

We have an opportunity to see Quechua people raised up to make disciples and plant Churches.

Do you want to be a part of what God is doing in Cusco, Peru? We would love to have you come alongside us to see a great harvest among the Quechua people of Cusco. This has traditionally been a difficult place. Resistance to the gospel has been strong and the mountainous terrain provides obstacles that can be overwhelming. Team Cusco feels strongly that God is breaking through the barriers and that His name will be glorified among the Quechua people.

Unfortunately, the time limits upon us as missionaries and you as Pastors and church family, have limited our ability to visit everyone who supports us. For this we are sorry. We would love to visit with everyone. We are so grateful for the faithful partners who have been with us in this work.
