

What an exciting time to be alive!

As Paul said in I Corinthians 10:11, “Now all these things happened unto them for examples: and they are written for **our admonition, upon whom the ends of the world have come.**” We’ve got front row seats and all is being revealed per the book of Revelation. Amen and Amen! What a comfort knowing the Bible we have, prepares us.

The Declaration of North America (DNA) was signed on January 10, 2023 by President’s Biden, Andres Manuel Lopez Obrador and Prime Minister Justin Trudeau. I mentioned the middle of last year that in the La Paz section of NAFTA: the entire southern border has been given to the UN from President Reagan through Obama and continue with Biden. Now we know why Mexico City is no longer the city but is now the 32nd state and why throngs of people migrate unabated. I also mentioned earlier last year that the border in Brownsville, Texas has 4 flags (Canada, Mexico, Texas, USA) with a plaque: “Welcome to The United States of America”. My friends, our country is no longer what we think it is: could it be that all three countries are now 1 (one), America? This agreement is the pinnacle of Treason. Sometime back, while flying from Terminal 2 in Mexico City, flight after flight from various airlines arriving from South America were paraded directly to other flights headed to the united States of America. [Just like in Nebuchadnezzar’s day, the nation of Israel with - Daniel, Shadrach, Meshach and Abednego, hundreds of thousands are being displaced from where they were born.] Nation against nation, kingdom against kingdom?

We think the leak in our wall has been discovered. We noticed a huge mudslide hidden by an overgrowth that happened many years ago when some trees, roots and all, fell over just missing our home (angels always seem to be working overtime for your servant). And through that mudslide, we think, water has been allowed to work its way into our home. We had to take care of some leaks from our roof but will wait until the rainy season ends – around the beginning of November to take care of the dirt and mud and put concrete and a sealant to be able to keep the waters from up the hill entering into our home.

Our 18th year as a church in Mexico City has begun. Our steady and continued stream of blessing is what we want for each and every one of you. An unusual preacher from the past said that life is measured in decades and we are fast closing in on our 2nd decade here. We want to thank each and every one of you for putting your hand to the plow and plodding with us towards eternity. Our 17th Anniversary was standing room only of members, visitors and a singing group from Mt. Zion Baptist Church from Iztapalapa, Mexico City, helped us lift up our Saviour above the world’s present evil system. There were 12 saved and 1 man baptized. Since our last update we have passed out dozens of boxes of tracts, given scores of Beam’s Bibles to willing visitors, led 66 to Christ with 3 baptisms.

Always finishing what I start is something my daddy taught me, if at all, by example. He worked a full day at the age of 76 on Friday, January 23, 1981 - then went to Heaven on Saturday, January 24, 1981. [He left when I was just a young man of 16.] We have several areas that are still left undone and may need to take the Apostle Paul’s tent making example. As the American Dollar (USD) continues to tank, on purpose, a desire to return to the gold and silver standard(s) has taken off. I mentioned Gold and Silver a couple of months back and have been invited to learn about precious metals by way of 7K Metals. My personal goal is to eventually - in the future - use silver and gold daily, just like in the Bible. This will allow us to put our active faith in scripture and not the FED, International Monetary Fund or the World Economic Forum. Sharing this technology with almost no effort, the Lord willing, will help prepare many.

I mentioned Pedro Flores, who was recently baptized, a couple of months ago. He took several boxes of Beam’s Bibles to his home town of San Lorenzo y Anexo, Papantla, Veracruz and gave them to his extended family. He is a precious brother that has grown humbly and is learning to lead precious souls to Christ and his family has seen the change in his life and have asked, “How could this be so?” He reminds me of Luke 8:39, “Return to thy house, and shew how **great things God hath done unto thee.** And he went his way, and published throughout the whole city how **great things Jesus had done unto him.**” In Mexico City,
