

## **Ramones Family Serving in Cadereyta And the mountains of N.L.**

Happy new year 2024 to you, beloved pastor and church. Our desire is that the Grace and power of God be poured out on your lives, your families and your ministries. We want to begin this letter by thanking God and you for helping us move forward serving God and reaching many souls for Christ with the powerful message of the gospel that continues to save souls and change lives.

December is always a month of intense work, we had evangelistic activity both in our church of Cadereyta and in the Church of the Ascención. On Sunday, December 17, we had a Christmas dinner at our church where we invited family, friends, co-workers, bosses, members of our church. By the Grace of God, 28 people visited us for the first time who heard the message of salvation. . We had a Christmas drama, special music, Christ-centered preaching, and an exquisite dinner that we shared with everyone who attended.

Weekly evangelism programs continued, market evangelism, house-to-house evangelism, Bible clubs, etc.

For the end of the year, each Bible club prepared something special for each child who faithfully attends and they also invited parents so they could hear about Christ too.

On Thursday the 21st we made the second trip of the month to the Mountain Church that is in the community of La Ascención and we worked hard preaching Christ and at the same time working to improve the temple that we have just built.

Thank God the time has come where we annually make a special trip to carry out evangelistic campaigns together with the missionary team of our church. Every year from December 26 to 29 we preach intensely in La Ascención and in the interior of the mountains. They are not big cities, in truth they are very remote rural communities but with a great need for God. We have visited communities where 20 people live and even communities of 120 people, they are not easy or comfortable ways to get there, but we have the example and mandate of our Lord Jesus to go and preach the gospel to EVERY creature.

Along with this report I will be sending a link to a short video showing this year's annual mission trip report. On this trip we not only had evangelistic campaigns, but we also celebrated the third anniversary of our church there and we were able to have the dedication service of the temple where the missionary Dan Kaighen was preaching and we were praying for the temple, offering it to God as a place of worship.

We ask you to pray for us, during the past year we were traveling to the mountain church twice a month, but now we are taking on the challenge of traveling every week to have regular services with that flock.

We need prayer for a pastor who can go and pastor that church.

Prayers for God's provision now that trips to the mountains will increase (8 hours round trip)

Prayer for a 4 cylinder car or truck. The plan is once a month to take the large pickup truck (8 cylinders) to be able to travel to the interior of the mountain where not just any vehicle enters and the car will help us save gasoline to travel constantly to the church that we have already established.

Prayer for health and Grace of God in this new stage.

Weekly evangelism programs	Thursday, Friday, Saturday. A total of 6 evangelism programs in 3 days
People who accepted Christ	357 personas
Children received in bible clubs	An average of 132 per week
Visitors in the churches	96 first time

## Next plans

- Trips to the mountain church, every week
- Trip to the interior of the mountain January 26
- Sunday, January 14 Annual presentation of work to the churches

## Prayer Requests

- Being able to build bathrooms in the new temple of La Ascención (very necessary)
- Being able to build Sunday school rooms
- For the health of me and my wife
- The new goals we have as a family and church
- By the high school students who are members of our church Sofía and Katia
- For Karyme, she will be entering the institute to prepare to serve God this next week
