

Ramones family working in Cadereyta and the mountains of N.L.

Beloved pastor and church. We are grateful to God for allowing us to serve him and to be his representatives in the mission field. We hope that the report is an encouragement and blessing to your lives.

Evangelism

We have maintained our focus on speaking the gospel to lost souls. We do it in markets, house to house, Bible clubs and in every place where God allows us to do it. The month of January was a little low in the harvest of souls since our health and that of many brothers was not good, but even so we did not stop moving forward and doing our part. We are currently taking part in evangelizing in 5 areas and my family and I have started a new area of evangelism called Palmanova, 10 minutes from our church.

Testimony: On Saturday, January 13, we decided to start visiting this area, but upon entering the colony it is divided into 3 sectors, I entered the first and God did not direct me to evangelize there, we passed through the second and neither, so we advanced to the third. We began to knock on doors and share Christ. As we left talking to Mr. Adrian, a man was passing by very quickly but at least he wanted to give him a pamphlet. Upon taking it he asked me if I was a Christian, I told him yes and he began to tell me that he had been saved in a church in Lafayette Indiana and that he had graduated from a Bible institute and served in his church alongside his father, but at the same time making bad decisions left the church. I was able to listen to him and encourage him to return to Christ and his path, he decided to accept the invitation, he accompanied us to church and was very excited to sing to God again and listen to his word. We ask you to pray and that he can hold hands with Cristol, his name is Romel Torres, and for us to be a means by which he can once again consecrate himself to God.

MISSIONS

This month we were able to receive two missionary family members in our church and direct them to continue on their path, one of these families we already support as missionaries. On Wednesday, January 24, we received the Gómez family who are working in the state of Tlaxcala. We ask God to help us be able to start supporting them very soon. On Sunday the 28th, the Loredo family visited us, who are serving in the state of Guanajuato. We firmly believe that we must be a conduit to be a blessing to others and in this way send the gospel beyond our places.

Work in the mountains

As we shared before, now we are traveling every week to have services at the Ascención Baptist Church, it is the first month that we have managed to do so and without a doubt God has blessed that. The brothers are asserting themselves and taking responsibilities in the church. The goal now is to teach them to be teachers, music directors, ushers, run Bible schools and what is needed for the development and growth of a church. Brother Adrian, who is treasurer and my right arm in the church, is now taking institute classes through videos and I am supervising him, giving him exams and answering his questions. Pray a lot for him and his wife. I believe that God wants to do great things with they

We have a special plan for the summer that we ask you to pray for. The two ladies from our church who are studying the Bible institute and two other prospects to study will be working for 40 days to teach how to play guitar, piano, singing, discipleship, to children and adults who want to learn to serve God more and better. manner. God work in this. Sofia, Katya, Antolin, Karyme will be responsible for this. God supplies all needs

Missionary Conference

We are excited to be one month away from holding our missions conference, the most important conference of the year. They will be on March 7 - 10. This year's theme is: "It's Everyone's Task." Pastor Francisco Maya from the Libertad Baptist Church of Tylor Texas will be preaching to us. We want to do more for local and global missions.

Planes Proximos

- February 9-10 I will be preaching a marriage conference
- February 17 I will be preaching a fellowship of men
- February 24 I will preach the anniversary of the Camino Verdad y Vida Baptist Church in Juárez N.L. with Pastor Contreras.
- March 7-9 Missionary Conference
- March 10, XXVI Anniversary of our Church in Cadereyta
- continue traveling to the mountains every week

Prayer Requests

- For the health of my wife and mine.
- By power of God and wisdom in decisions.
- No matter how many churches join in to help our ministry, the investment necessary to travel to the mountains has increased considerably.
- For the missionary conference. God help us to do more for missionary work
- Being able to build the bathrooms in the mountain temple
- Being able to finish the Sunday school classrooms in Cadereyta
- For summer plans

Evangelism Summary

Salvation professions 202 in both ministries
