Letter 13

Dear Prayer Warriors,

February was an exciting month with souls being saved, churches taking us on for support and being a part of an awesome missions conference! It is a joy to be able to record the blessings of life in our prayer letters; God has been so good to us along the deputation trail.

Deputation

Since my last letter, we have presented our ministry at five churches and four churches have told us that they will support us. I am happy to report that we have 48% of our support raised! Please pray as we are so close to reaching the 50% mark!

Duty

A couple of weeks ago we were at Westside Baptist Church in Pacifica, California. We were able to go soulwinning on that Saturday and be with them all day Sunday. This church was one of the easiest churches to preach to, and the pastor's wife was born in the same part of Bolivia we will be serving in. What a small world!

We were privileged to attend the Missions Conference at Parkside Baptist Church in Mesquite, Texas. This church spoiled us so much while we were there. I was able to preach five times and presented our ministry twice. Out soulwinning, I was able to lead a lady named Leah to the Lord. She sweetly got saved and came to church the next day and brought her best friend with her! I was able to witness to her friend as well, but she said she had already trusted Christ. At a Bus Teen class, I challenged them to witness to their friends and family for Christ. At the end of that service, a teenage girl named La'Stacia came forward and got saved! Another highlight was meeting Evangelist Bob Smith who led my home pastor to the Lord! If it wasn't for Bob Smith leading Mike Ray to the Lord, I might not have been saved! Praise God for soulwinners!

The last weekend of the month we were with Arlington Baptist Church in El Cerrito, Ca. I had the privilege of leading Tariq to the Lord while on Saturday visitation. We definitely enjoyed our weekend with this dear church family!

Donoho Family

Please continue to pray for us to raise support quickly, have protection, good health, see our children saved and have God's power on our lives! *Thank you so much for your prayers and financial support; it means the world to us!*
