SPECIAL 30TH ANNIVERSARY SEED BANK OFFERING

BCPM is currently working with twenty-three church plants and will invest over \$4,500 into each project. To help offset these expenses, the ministry established the Seed Bank. The Seed Bank funds go to help print and distribute God's Word and gospel literature to every household in the communities. These funds provide needed resources so that each church plant can get off to a strong start. These funds also help with the travel, lodging, and meals so that we are not a burden on the new churches. Pray about giving to help with the Seed Bank funds. Go to BCPM.org for more information and to watch a short video. You can give online by clicking on "Donate" at the bottom of any website page.
