Dear Praying Friends,

Greetings from Southern Brazil. We pray that all is well with you all. We are doing fine. Our letter is a bit late this time and for that we apologize. As you know, our state has been hit by many cyclones in the past months, well, we were hit with one whole week of heavy rains. Our entire state was literally under water. Over a hundred thousand families were forced from their homes not knowing whether they would have a home to come back to. The water had gotten up to 17 feet deep in some places. The Lord was merciful to us but disaster was all around us. Our little city was without water for over a week, but because of all the deaths, animal and human, we are not able to drink from the water for a further three months. We had opened our home up for those needing water from our well and baths. While all of this was going on Dianna and I were sick with Dengue fever, a fever from mosquitos bites. The water has gone down in some parts others the government brought in pumps to help remove the water and the cleaning has begun. I will be going to Canoas on Friday to help clean up a church that had been under water for over two weeks. We had some pictures of what needs to be done, but as you know pictures don't show everything. Please pray for our state our people for some have lost homes, vehicles, and or jobs.

On another happier note, VBS went well. Our numbers were not up there like we wanted, but we still had a wonderful time with those who did come. The gospel was given, but there were no professions of faith this year. We started our Kings Kids program after VBS. We had a good response to the program.

For the Past year we have had Joao and Marta on the list of prayer requests on the bottom of our letters. Praise the Lord, Joao and Marta accepted Christ as their Saviour. They were baptized with Thyanna, Renato, and Inaia. Please keep them in your prayers, so they grow in the Lord.

We also started looking for a newer vehicle. The car that we have has been in the repair shop every month. It has become unreliable. Unfortunately a car is a necessity in our ministry. We are looking at 7-10 year old cars being up to 20,000 dollars. We are asking for help with the purchase. Please sincerely consider helping us in this matter.

As Always, we thank you all for your faithful prayer and financial support.
