

November, 2023

The Lord blessed the four church plants BCPM assisted with over the last two months. North Kansas City, MO, Willoughby, OH, Foggia, Italy, and Galway, Ireland, all now have a local church. All four of these ministries are actively reaching their areas for the cause of Christ. Pray for these new baby churches and that the Lord would open doors, protect them from attacks, and help them prosper as they advance in their needy areas.

In addition to the church plants, it has been a very busy season of travel. In the last six weeks, I have had meetings in North Carolina, Florida, Arizona, Texas, and Indiana. I will finish the year with meetings in North Carolina and Kansas. BCPM is now working on multiple church plants in the US, Canada, and several other countries. I will share those projects in the January update. I am thankful for the increase in church planting activity, but please pray for safety, wisdom, and good health.

The Lord has been so good to the ministry of BCPM. It is a blessing to see new churches planted and grow to reach other areas with more churches. I am thankful for churches like yours that support the effort of helping churches reproduce churches. May God bless you as you further the cause of Christ.
