Dear Prayer Partners,

Thank you so much for partnering with me through prayer, and thank you to those who also partner with me financially. God has continued opening so many doors for me here in North Carolina. I am so thankful for how God continues to provide for meetings and every need I have. I cherish each of my partnering churches! Each church I have visited has greeted me with open arms. There are so many I want to say thank you to! I am so blessed to have such loving partners!

As a people person, deputation can be difficult. I am so thankful though that God knows exactly what I need when I need it. The churches that I have visited either remember me from before or think they know me as someone's daughter or granddaughter. Church families have welcomed me into their church family, and for that I am so very thankful! One church has welcomed my participation -- allowing me the opportunity to serve alongside them whenever I have time. As a missionary, I am so blessed to have partnering churches and individuals that welcome me with such open arms! Thank you to you all for your demonstration of love!

When I arrived in North Carolina at the beginning of January I had 2 meetings and 1 meeting the last of February. I told God that if He wanted me to get more meetings, He would have to open those doors for me. Praise God! As I contacted churches, God opened doors! Thank you, Lord! 😊

I have a prayer request for you all. A couple weeks ago, I spoke with BMM home office. Each summer they have Launch Seminar – training which all BMM missionaries have to go through before they are allowed to leave America. Missionaries must be at 70 – 75% monthly support level before they are allowed to do this training. Launch Seminar is held every July. Please join me in praying that my support level reaches 70% - 75% before the seminar so that I can attend. I am currently at 62% needed support.

Thank you again for all your prayer support and financial support / gifts of love! Hope you all have a good week! God bless.
