

## REPORT JUNE 2024

Dear Partners,

The month of June was one of heavy rains and bad weather in Chile. The temple suffered some damage, so we had to repair the roof, cover the walls and paint the main hall. I thank God that many brothers offered their work, and the task was successful. The spirit was growing, and we moved forward with some maintenance that we had been putting off for a long time, we changed the lighting system for LED equipment, which is more aesthetic and economical in energy consumption, the old equipment failed a lot, and the lighting was very poor.

We removed the ceiling fans, this way the temple looks bigger, and we need to replace it with some air conditioning units for the summer season, we don't have the money, but the church will offer in a special way and we hope to buy the equipment, at the latest, in September. We are quoting but it is an investment of about 2,000 USD.

We have a project to remodel the building and create a loft or balcony that will increase the capacity of the main room by 50 people. We ask for your prayers for this need.

At the Logos Baptist Biblical Theological Seminary, we begin with registration for the intensive recess subjects, which will be taught the last week of August and the first two weeks of September.

Together with two sister churches, we are organizing a youth event for October 12, which we have called "Surrendered to Christ", we want to reach 300 young people, I will be one of the preachers. It is our prayer that young people desire to surrender their lives to Christ and be attentive to God's call. We are missing a speaker, for this event we pray to have a missionary or pastor who is sensitive to this need and will be part of this activity.

We need to restructure the mortgage on our house in Chile, I ask for your prayers, we need to increase our monthly support to face our expenses. Please pray for this urgent need, that God will support us and guide us in the decisions we must make. We currently have 40% of the support we ask God to provide. Would you prayerfully consider partnering with us by investing in ministry in Spanish-speaking world?
