March and April

5/13/24

March started with a blast. The Lord has opened doors I had never thought possible. The work at the camp has increased. I now spend 3-4 days at White Pines as well as Sunday services. It is a very busy but fulfilling time. These young men are learning more and more about the Word of God. Our church service very much mimics a service at my church. We sing out of some hymnals(which is very encouraging because they sing from the heart), I preach, and we pray and often times they have questions about different things they have learned. I added a Bible Drill after the questions so they can learn their books of the Bible. It is usually a big hit. They love competition. It is such a privilege to preach to those who come to the church service on campus. I never know who will come so the number in attendance varies but we usually run about 10-14 kids.

We are trying to build some picnic tables for the kids to eat outside some during the spring and summer months. We need about \$1200 to buy materials for 6 picnic tables. We plan to build them on site so the young men can get some experience. Any help you could give with this would be greatly appreciated. I have a set of plans that calls for mostly treated 2x6s so that these tables will last for years to come.

Thank you very much for all prayers and support. It is truly a joy to be able to serve our Lord and Savior in such a capacity.

God is so Good,
