

Uniqueness of Uganda

One favorite method of public transportation is the motorcycle. In Uganda, they are called bodas or pikis (peach-ees). There are over one thousand boda riders in Kasese alone. It is estimated that there are over one million boda riders in Uganda.

Furlough

We thank the Lord for the continued safety He has given as we continue on our furlough travels. The past few months have taken us from Oklahoma City, OK to Houston, TX, and many places in between.

As we travel from church to church, we continue to report on what God is doing in Uganda. It is such a blessing to be in many churches that are still faithfully supporting us and praying for us. It is also a blessing to be able to reunite with many friends and family members.

As we had mentioned previously, we are attempting to raise money for some special projects back in Uganda. Some of the churches need a permanent church building; some need Sunday School classrooms; some need transportation for the pastors and leaders in the church, etc.

We are so thankful for the churches and individuals who have given to meet these needs. We have received about 50% of what we need. If you are interested in helping with these needs, please contact us via email. Please pray that God will provide the full amount for these projects while we are on furlough.

Back Home in Uganda

The work in Uganda continues to go well. The men and women have really been faithful in all the ministries there. The devil is always trying to discourage and stop the many works, but we are thankful that the faithful ones are pushing on. We are also thankful that the Lord provided the funds so that we were able to buy a piece of land for the preaching point of Kyishanyarazi up in the mountains.

Family Update

It is still an adjustment to not travel with all the children or even to be nearby to see them often. Marcus is excited to have the opportunity to work on the bus route in Missouri now. Kendra and Kirsten are doing well working together and sharing a house in Ohio. They jump at any ministry opportunity that opens up. Kimberly is traveling with us and is enjoying opportunities to speak to children's classes or visit with people at our display table. What a blessing to see our children serving the Lord!!
