

Retreat Center Update

13 de junho de 2024|Monthly updates

God blessed us with an amazing land and now, we call it our Retreat Center. Over 500 lives were impacted through our retreats. With confessions, baptisms, and reconciliation at our Retreat Center people have experienced a true encounter with the God of the universe. Through biblical instruction, fellowship of believers, and admiring the beautiful creation of God our Retreat Center is a place for life changing experiences.

Prayer - Please keep praying for the people who were affected by the flooding in Brazil and the terrorist attacks in Mozambique. Also, keep the Portuguese-speaking nations in your mind and all the lives that are being discipled through our ministries.

Need - We have reached 50% of the amount needed for the construction of the dorm. Now, we only need \$15,000 to complete phase 3. We ask you to pray and give a special gift towards this project. Also, if you know of someone who is looking to give towards a project, let us know. You can visit our Retreat Center page at [Retreat Center | Brazil](https://retreatcenterbrazil.org) [River of Life Ministries \(broilm.org\)](https://broilm.org) and see the completed phases and our current phase 3. Also, in that page we have the ways you can give towards this project.

Celebration - We have been working on seeing how Brazil River of Life Ministries continues to impact the nations with the life changing message of eternal Life. Can you believe through our ministry 8,000 lives in 20 years were baptized. It is amazing how God can utilize us when we are willing and able. You are part of this impact in the Portuguese-speaking world and beyond towards other nations! Thank you for your partnership with us!
